

THURMAN FALL FARM TOUR **FLIP**

HUNH? The Thurman Fall Farm Flip is based (loosely) on a Home and Garden channel (HG TV) show called “Flea Market Flip,” in which contestants buy an item at a flea market, have it photographed by the show’s staff in its original state, then use their own creativity to re-purpose it into something different that is useful or decorative, and compete to win a prize and sell their finished product for a high price.

HOW DOES THE THURMAN FALL FARM TOUR FLIP WORK? In our Thurman version, you may obtain your starting item anywhere you like – at a garage sale, on the side of the road, in your barn, attic, recycle bin or wherever.

1. **SELECT AN ITEM** that will be a significant part of your finished “Flipped” work.
2. **PICTURE.** This is important – **you MUST have your item photographed by TFFT volunteers before you begin repurposing it.** To make it easy for you to get your item photographed, we offer multiple opportunities – any Monday evening in July and August, between 7 – 9 p.m. at the town concerts we will have a volunteer at the concession stand, armed with a camera and an entry form for you to fill out.
3. **DO YOUR THING** – Work your magic to make your salvaged item into something cool. Will it be a wall-hanger? A kitchen or garage gadget? A Rube Goldberg invention? A garden accessory or accent? Only the limits of your creativity will tell.
4. **DISPLAY IT at the Thurman Fall Farm Tour on October 8** in the location designated by organizers (set up on Oct. 7).
5. **GET VOTES** – The public will vote at the display site, Martin’s Lumber, on October 8 and the flipped item with the most votes will win a prize, to be announced soon.
6. **SELL IT?** If you are interested in selling it, you may display it with a price tag (with your contact info) on it, but you must agree to leave the item in the show until the end of the day on the 8th. All items must be removed after the Fall Farm Tour ends at 4 p.m., no later than 5 p.m., Sunday, October 9.
